## BCHCM - Matters of Health Care Virtual Town Hall

When: Thursday February 9th, airs live at 6:30pm

Where: Live stream

<https://www.youtube.com/watch?v=tB-IPTdy7f0>

Join us for our first ever virtual townhall hosted by BC Health Care Matters President Camille Currie. The guests for this edition will be Dr. Fred Voon and Dr. Vanessa Young.

The topics we will address will be:

Why are ERs at overcapacity?

Why have UPCCs not lived up to their promise?

These virtual townhalls will be a way for us to have important conversations about the health care system in British Columbia. Our mission is to advocate, educate and inspire others to get active and involved in solving the current health care crisis that is affecting every resident of this province.
